

SPE Thermoforming Conference®
Pandemic Response Showcase Entry Form
September 20-22, 2021
Grand Rapids, Michigan

Submission Deadline: September 3, 2021
Shipments May Arrive Beginning: August 20, 2021
Shipment Deadline: September 10, 2021

We are proud to display products that have been manufactured in response to the COVID-19 pandemic.

- 1. All submissions must be final thermoformed components produced from production tooling. Advertising in any form on showcase submissions is strictly prohibited.
2. Multiple submissions from one company are accepted; please use one entry form for each submission.
3. All shipments must be identified on the outside of the box as "Pandemic Response Showcase."
4. The SPE Thermoforming Division will unpack and stage each submission in the viewing area along with the submission description (see page two). Submitters may choose to 1) instruct the Division to dispose of the part at the conclusion of the Conference or 2) provide return shipping instructions with the part. Neither the SPE Thermoforming Division nor RPM XPO, the show decorator, is responsible for unclaimed submissions at the conclusion of the Conference. You must schedule outbound shipping service via RPM XPO or your own carrier at your expense if your product must be returned.
5. Submitters may receive publicity in trade journals or other publications. Submission of an entry constitutes acceptance of said publicity and confirms that the submitter has secured the necessary approvals to participate in the Showcase and to be featured in any subsequent publicity.
